

10 DOWNING STREET

THE PRIME MINISTER

10 August 1952

Dear Admiral Fieldhouse.

A note belated I mean,
to thank you for arranging my
visit to HMS Resolution and for
coming yourself.

It was a remarkable experience—
made wonderful by the superlative and
yet modest qualities of the Commander
and crew. The feeling of
camaraderie and yet discipline and
respect were marvellous to see. We are

LFB

fortunate indeed in the high
personal qualities of our ordinary
folk - if ordinary is the word to
use: they all seem so able to
demonstrate extraordinary qualities
when called upon to do so.

I hope you told Lady
Fulthorpe that I "made" the bridge!
I feel that once is enough for
some experiences! Thank you very much

Yours sincerely
Margaret Kelton
